**Re: China Region Lakes Alliance – Town Report**

Dear Ms. Sabins:

The *China Region Lakes Alliance* (CRLA) is pleased to submit its Vassalboro Town Report summarizing the projects and water quality project activities undertaken in 2011.

The CRLA has been helping to protect and improve the water quality of the Lakes and waterways in the Town of Vassalboro since 1995. A sampling of the work completed in Vassalboro alone is appended.

The *Courtesy Boat Inspection* program is run by CRLA each year to staff the 4 public boat launches and inspect boats and trailers for invasive plants (i.e. milfoil). This past year 19 young adults from area high schools were trained and employed to guard the Lakes from hitchhiking plants from out-of-state and in-state invested lakes. The cost to CRLA to provide this service was \$ 18,550 which doesn't include the volunteer time provided by CRLA Board members or other community helpers that were provided to help make the program run smoothly. We feel, however, it is worthwhile and essential to invest in this protection to hopefully avert an infestation calamity.

In terms of conservation project, a series of surveys and pre-construction work were conducted at the Seaward Mills Stream to help mitigate the fish passage issues at the Route #3 culvert crossing (photographs appended). This project is ongoing and involves numerous State and Federal agencies along with CRLA as the project leader, and many local-interested- stakeholders. With Vassalboro's continued help and support, the implications for improving alewife habitat and water quality conditions in Three Mile Pond remains one of our main and most exciting goals!

A major conservation project, using the DEP's Stormwater Compensation Funds from the Webber Pond Watershed, in conjunction with match from the property owners and CRLA, was undertaken at Green Valley Campground. CRLA helped administer and engineer the project, using local contractors and material suppliers, to implement substantial conservation practice upgrades over \$12,000 in value.

We look forward to a continued good partnership with the Town of Vassalboro and appreciate your support.

Sincerely,

Jim Hart, CRLA President
